### 1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- › Provide a framework in which sensitive discussions can take place
- › Prepare students for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- › Help students develop feelings of self-respect, confidence and empathy
- › Create a positive culture around issues of sexuality and relationships
- › Teach students the correct vocabulary to describe themselves and their bodies

This policy relates to what Baycroft expects from both staff and students in terms of our ethos and values regarding;

- being with others,
- organisation and independent learning,
- listening, understanding and expressive communication,
- school rules, routines and part of the Baycroft community
- confidence and self-esteem
- reflecting on emotion and
- reflecting on behaviour.

As a maintained special educational needs school we must provide RSE to all students as per the Children and Social work act 2017.

In teaching RSE, we must have regard to to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

### **3. Policy development**

This policy has been developed in consultation with staff, students and parents. The consultation and policy development process involved the following steps:

1. Review – The headteacher, faculty head of Wellbeing and the lead practitioner of Personal Development and Progress at Baycroft School pulled together all relevant information including relevant national and local guidance. Mrs. Van der Merwe attended the annual PSHE conference in London in preparation of government expectations regarding the new RSE curriculum.
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to explore the curriculum, relevant communication and material at the market day in July 2019 where a special display was organised.
4. Pupil consultation – we investigated what exactly students want from their RSE by asking student school leavers and KS4 students.
5. Ratification – once amendments were made, the policy was shared with governors and ratified

### **4. Definition**

RSE is about the emotional, social and cultural development of students, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity. This involves a combination of sharing information, and exploring issues and values. RSE is not about the promotion of sexual activity.

### **5. Curriculum**

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary.

We have developed the curriculum in consultation with parents, students and staff, taking into account the age, needs and feelings of students. If students ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

### **6. Delivery of RSE**

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Students also receive stand-alone sex education sessions in Year 11 delivered by the PDP lead practitioner who has had training from the Children's Services Workforce Development Team of Hampshire County Council about talking about relationships and sex with young people and get it on condom training.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- › Families
- › Respectful relationships, including friendships
- › Online and media
- › Being safe
- › Intimate and sexual relationships, including sexual health

For more information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

## **7. Roles and responsibilities**

### **7.1 The governing board**

The governing board will approve the RSE policy, and hold the headteacher to account for its implementation.

### **7.2 The headteacher**

The headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw students from non-statutory components of RSE (see section 8).

### **7.3 Staff**

Staff are responsible for:

- › Delivering RSE in a sensitive way
- › Modelling positive attitudes to RSE
- › Monitoring progress
- › Responding to the needs of individual students
- › Responding appropriately to students whose parents wish them to be withdrawn from the non-statutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the headteacher.

The PDP Department is led by Mrs Johanna van der Merwe who is responsible for all the Key stage 4 classes. Other staff teaching personal development are:

- Mr Reynolds: Year 8JR
- Ms Moorhead: Alpha
- Mrs Bryant: Cirrus
- Ms Toner: Year 7ST
- Mrs Sommerville: 7LDO, 7AW, 8 DBU and 9CSO
- Ms Knight: 8LK
- Mrs Horsley: 8LMC

- Mrs Farmer 9JV

## **7.4 Students**

Students are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

## **8. Parents' right to withdraw**

Parents have the right to withdraw their children from the non-statutory components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this. The science curriculum in all maintained schools also includes content on human development, including reproduction, which there is no right to withdraw from.

Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the headteacher.

A copy of withdrawal requests will be placed in the pupil's educational record. The headteacher will discuss the request with parents and take appropriate action.

Alternative work will be given to students who are withdrawn from sex education.

## **9. Training**

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The headteacher may also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

## **10. Monitoring arrangements**

The delivery of RSE is monitored by the headteacher MS Miles, Mr Reynolds (head of the Wellbeing Faculty) and Mrs Van der Merwe (PDP Lead) through learning walks, half-termly meetings and file scrutiny.

Students' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by Mrs Van der Merwe, PDP Lead, annually. At every review, the policy will be approved by the governing body.

Baycroft intends to implement a new student personal development tracker system in January 2020 after all staff have been trained during inset training in December 2019.
