## House Captains' Meeting - Minutes

Present: Charles, Lincoln, Logan, Lewis, Braydon, Ollie, Georgia, Lennox, Mrs Povey, Governor

1. Minutes and actions from the last House Captains' meeting in January were discussed:
  - Everyone was really pleased with the 'Hot Tuck' service. Students discussed the need to reinforce the rules. 1 item to start and then return to the end of the queue if you require more. Students should not be getting food for others. JP and HCs to monitor and remind students when queuing.
  - Football posts have been painted and the nets have been replaced with new ones.
  - Roundabout did improve after Mr Bright had looked at it, but it has appeared to have stiffened up again – JP to inform Mr Bright.
  - Students felt that the ability to use both gates at the start and end of the school day was a much better system for them; some students might need reminding – JP to ask tutors to remind students.
2. Ideas, actions or concerns for this half-term – each House Captain to meet with House Teams over the next two weeks to feedback on actions from January and to collect new concerns/ideas for the summer term. It was agreed that the House Captains would collect thoughts on some of these points:
  - Celebrations and Gatherings
  - Awards
  - Activity Week – ideas for House Challenges
  - Market Day
3. AOB – No other business today.
